

**TANZANIA COMMISSION FOR AIDS (TACAIDS)
(ADVERTISEMENT)**

**COMMUNITIES FUNDED BY TACAIDS THROUGH TASAF BY MAY
31st, 2009**

The United Republic of Tanzania with the assistance from the World Bank through the international Development Association (IDA) is implementing the Tanzania Multisectoral Project (TMAP) on HIV and AIDS. The objective of this project is to support national efforts to reduce the spread of HIV by scaling up and accelerating its national multi-sectoral strategic Framework on HIV and AIDS. Tanzania Commission for AIDS (TACAIDS) is mandated to coordinate the national multisectoral response of the epidemic.

The World Bank supported project is divided into four components namely support to Ministries, Departments and Agencies, Management and technical support to TACAIDS, supporting the Zanzibar HIV and AIDS program through Zanzibar AIDS Commission and the Community AIDS response Fund (CARF). CARF is meant to provide the sub grants to beneficiaries for implementation of the community based sub-projects aimed at;

- Preventing HIV infection
- Care and support of those already infected and affected
- Creating an Enabling environment for providing appropriate information, education and services specific for HIV and AIDS
- Mitigation of health and social and economic impacts of AIDS

TACAIDS signed a memorandum of understanding with Tanzania Social Action Fund (TASAF) to support communities applying through Community Driven Development Approach and routed through Local Government Authorities (LGA) systems.

Under this arrangement **75 LGAs** listed below from **17 Regions** have been funded with **Tsh 4,799,086,195.15** by TACAIDS through TASAF for implementation of **1,103** community subprojects. Council Directors are responsible for ensuring full participation of the HIV and AIDS committees at all levels in monitoring the process through (first in full) CHACs coordination especially in the following aspects;

- Ensuring that targeted beneficiaries are the same as the approved ones and known by Village Multisectoral AIDS Committee members.
- To ensure that funded subprojects are properly implemented and reports are prepared and discussed by all appropriate levels HIV and AIDS
- Funds disbursed to the communities are accounted for using financial management guidelines provided by TASAF in the memorandum of understanding with the Local Government Authorities

TACAIDS Management
